

CAUSE NO. 6.226-01043-DB

MIDLAND CREDIT MANAGEMENT, INC.
Plaintiff,

vs.

URIEL L HERNANDEZ
Defendant

IN THE JUSTICE COURT
PRECINCT 6, PLACE 2
EL PASO COUNTY, TEXAS

PLAINTIFF'S ORIGINAL PETITION**TO THE HONORABLE COURT:**

MIDLAND CREDIT MANAGEMENT, INC., the Plaintiff, complains of URIEL L HERNANDEZ, the Defendant, and for cause of action shows:

Discovery Level

1. Plaintiff reserves the right to petition this Court to engage in pretrial discovery pursuant to Rule 500.8 of the Texas Rules of Civil Procedure.

Parties and Service of Citation

2. The Plaintiff is a foreign limited liability company duly authorized to conduct business in the State of Texas.

3. The Defendant resides within the venue of the above referenced court and may be served at the following address, or wherever the Defendant may be found:

URIEL L HERNANDEZ
5339 KRAM ST
EL PASO, TX 79938-9590

Venue and Jurisdiction; Relief Sought

4. Venue is proper in this county because Defendant, a natural person, resides in this county. The amount in controversy is within the jurisdictional limit of this court. The Plaintiff seeks only monetary relief of \$20,000.00 or less, including damages of any kind, penalties, cost, expenses if any. Plaintiff does not seek pre-judgment interest or attorney's fees.

**Plaintiffs Efforts To Resolve
The Underlying Obligation**

5. Plaintiff, MIDLAND CREDIT MANAGEMENT, INC., owns portfolios of consumer receivables, which it attempts to collect. When working with individual consumers, Plaintiff, MIDLAND CREDIT MANAGEMENT, INC., and its affiliates (collectively, "Plaintiff") generally attempt to contact consumers like Defendant through several means, all in an effort to establish contact and to resolve the underlying

obligation. In doing so, Plaintiff attempts to assess each consumer's willingness to pay, through phone calls or other means. Plaintiff attempts to exclude consumers from its collection efforts, where Plaintiff believes those consumers are facing extenuating circumstances or hardships that would prevent them from making any payments.

6. When Plaintiff contacts consumers, it strives to treat consumers with respect, compassion and integrity. Plaintiff works with consumers in an effort to find mutually-beneficial solutions, often offering discounts, hardship plans, and payment options. Plaintiff's efforts are aimed at working with consumers to repay their obligations and to attain financial recovery. Plaintiff strives to engage in dialogue that is honorable and constructive, and to play a positive role in consumers' lives.

7. Despite Plaintiff's efforts to reach consumers and resolve the consumer's obligations, only a percentage of consumers choose to engage with Plaintiff. Those who do are often offered discounts or payment plans that are intended to suit their needs. Plaintiff would prefer to work with consumers to establish voluntary payment arrangements resulting in the resolution of any underlying obligations. However, the majority of Plaintiff's consumers ignore calls or letters, and some simply refuse to repay their obligations despite an apparent ability to do so. When this happens, Plaintiff must decide then whether to pursue collection through legal channels, including litigation like the present action against Defendant. Although the account is now in litigation, Plaintiff remains willing to explore a mutually-beneficial solution through voluntary payment arrangements, if possible.

Count I

8. Defendant had an account with SYNCHRONY BANK. Plaintiff purchased Defendant's debt on or about August 23, 2024. Plaintiff has been assigned the debt, and Plaintiff is now owed money from Defendant. MIDLAND CREDIT MANAGEMENT, INC. is the current owner of the debt, and any prior holders of the debt are listed in the attached Affidavit Relating to Damages and Business Records and are incorporated by reference.

Relevant information related to the account is as follows:

ORIGINAL CREDITOR:	SYNCHRONY BANK
ACCOUNT NO.:	XXXXXXXXXXXX-8818
DATE OF CHARGE-OFF:	June 11, 2023
CHARGE-OFF BALANCE:	\$1,917.07
DATE OF ORIGINATION:	January 09, 2022

Account Stated

9. Plaintiff is the owner and beneficiary of all claims related to the account opened by Defendant with Plaintiff's predecessor-in-interest. Thus, Plaintiff is entitled to relief under the common law cause of action account stated because (i) transactions between the parties or their predecessors-in-interest gave rise to indebtedness of the Defendant to the Plaintiff (ii) there existed an agreement, express or implied, between the parties establishing a fixed amount due, and (iii) the Defendant made a promise, express or implied, to pay the indebtedness, but has failed to do so.

10. Demand for payment has been made by Plaintiff, and as of December 16, 2025, Defendant has refused and failed to remit the remaining principal amount of \$1,917.07. No interest (0%) is accruing on the account.

Damages

11. Plaintiff seeks liquidated damages in the amount of \$1,917.07 along with post judgment interest at the statutory rate provided by applicable law.

Conditions Precedent

12. All conditions precedent have been performed, have occurred, or should be excused.

Prayer

For these reasons, Plaintiff asks that Defendant be cited to appear and answer, and that Plaintiff have judgment against Defendant for the following:

- a. Actual damages in the amount of \$1,917.07;
- b. All costs of suit; and
- c. All other relief, in law and equity, to which Plaintiff may be entitled.

AFFIDAVIT OF ABDIFATAH MOHAMED

URIEL L HERNANDEZ,

Defendant(s).

Abdifatah Mohamed, whose business address is 600 W. Saint Germain St Suite 200, St. Cloud, MN 56301-3616, certifies and says:

1. I am employed as a Legal Specialist and have access to pertinent account records for Midland Credit Management, Inc. ("Plaintiff" or "MCM"). I am a competent person over eighteen years of age, and make the statements herein based upon personal knowledge of those account records maintained by Plaintiff. Plaintiff is the current owner of, and was assigned all the rights, title and interest to Defendant's SYNCHRONY BANK/LOWE'S account XXXXXXXXXXXXXXX8818 (MCM Number 328624198) (hereinafter "the Account").

2. I have access to and have reviewed the electronic records pertaining to the Account maintained by MCM and am authorized to make this affidavit on MCM's behalf. The electronic records reviewed consist of (i) data and records acquired from the seller or assignor when MCM purchased or was assigned the Account, which were incorporated into MCM's business records upon purchase or assignment, and (ii) data and records generated by MCM in connection with servicing the Account since the date the Account was purchased by or was assigned to MCM. In addition, I reviewed the documents that are attached to this affidavit.

3. I am familiar with and trained on the manner and method by which MCM creates and maintains its business records pertaining to the Account, which consist of (i) data and documents acquired from the seller or assignor, and (ii) subsequent collection and/or servicing activities by MCM. The records are acquired or created, and are kept in the regular course of MCM's business. It was in the regular course of MCM's business for a person with knowledge

of the subsequent collection and/or servicing activities recorded, and a business duty to report, to make the record or data compilation, or to transmit information thereof to be included in such record, or for such information to be posted in MCM's records by a computer or similar digital means. In the regular course of MCM's business, the record or compilation of the subsequent collection activities is made at or near the time of the act or event by MCM as a regular practice.

4. The accuracy of such records is relied upon by Plaintiff in collecting this Account. These records are trustworthy and relied upon because the original creditor was required to keep careful records of the Account at issue in this case as required by law and/or suffer business loss.

5. MCM's records show that the Account was charged off on 2023-06-11 with a balance of \$1,917.07. On or about 2024-08-23, Plaintiff purchased and was assigned the Account with a balance owed by Defendant of \$1,917.07. As of 2025-12-16, MCM's records show that the balance of \$1,917.07 remains due and owing and no interest has been assessed to the Account. Therefore, Plaintiff seeks the amount of \$1,917.07 from Defendant. All credits and offsets for payments have been applied to the balance.

6. The complete chain of title including SYNCHRONY BANK, the original creditor, and all post-charge-off purchasers/assignees of the debt are as follows:

1. SYNCHRONY BANK 2024-08-23

2. Midland Credit Management, Inc.

7. Based upon my review, attached hereto are records regarding the Account being a reproduction from Plaintiff's records. The documents attached hereto, are true and correct copies of the originals, except to the extent that confidential and privileged information is omitted or redacted and personal identifying information is omitted or redacted as required by local rules, and applicable state and federal law.

How We Calculate Interest

Method 2D (Daily Balance Method): We figure the interest charge on your account by applying the periodic rate to the "daily balance" of your account for each day in the billing cycle. We then add the interest to the daily balance. To get the "daily balance" we take the beginning balance of your account each day (which includes unpaid interest), add any new charges, and applicable fees, and subtract any payments or credits. This gives us the daily balance. Any daily balance of less than zero will be treated as zero. A separate daily balance will be calculated for each balance type on your account. The balance(s) shown in the Interest Charges section of this statement is the sum of the daily balances for each day in the billing cycle divided by the number of days in the billing cycle.

Method 2M (Average Daily Balance Including current transactions): We figure the interest charge on your account by applying the periodic rate to the "average daily balance" of your account. To get the "average daily balance" we take the beginning balance of your account each day, which includes any unpaid interest charges from the previous billing cycle, add any new charges, and applicable fees and subtract any payments or credits. This gives us the daily balance. Then, we add up all the daily balances for the billing cycle and divide the total by the number of days in the billing cycle. This gives us the "average daily balance," which is the balance shown in the Interest Charges section of this statement. Any average daily balance of less than zero will be treated as zero. A separate average daily balance will be calculated for each balance type on your account.

Method 3D (Daily Balance excluding current transactions): We figure the interest charge on your account by applying the periodic rate to the "daily balance" of your account for each day in the billing cycle. To get the "daily balance" we take the beginning balance of your account each day, add any interest and applicable fees and subtract any payments or credits. We do not add in any new charges. This gives us the daily balance. Any daily balance of less than zero will be treated as zero. The balance(s) shown in the Interest Charges section of the statement is the sum of the daily balances for each day in the billing cycle divided by the number of days in the billing cycle. A separate daily balance will be calculated for each balance type on your account.

Method 5 (Average Daily Balance excluding current transactions and unpaid interest charges): We figure the interest charge on your account by applying the periodic rate to the "average daily balance" of your account. To get the "average daily balance" we take the beginning balance of your account each day, add applicable fees and subtract any payments, credits and unpaid interest charges from the previous billing cycle. We do not add in any new charges. This gives us the daily balance. Then, we add up all the daily balances for the billing cycle and divide the total by the number of days in the billing cycle. This gives us the "average daily balance," which is the balance shown in the Interest Charges section of the statement. Any average daily balance of less than zero will be treated as zero. A separate average daily balance will be calculated for each balance type on your account.

Method 6 (Average Daily Balance including current transactions and excluding unpaid interest charges): We figure the interest charge on your account by applying the periodic rate to the "average daily balance" of your account. To get the "average daily balance" we take the beginning balance of your account each day, add any new charges and applicable fees, and subtract any payments, credits and unpaid interest charges from the previous billing cycle. This gives us the daily balance. Then, we add up all the daily balances for the billing cycle and divide the total by the number of days in the billing cycle. This gives us the "average daily balance," which is the balance shown in the Interest Charges section of this statement. Any average daily balance of less than zero will be treated as zero. A separate average daily balance will be calculated for each balance type on your account.

We will not charge you any interest on purchases if you pay your entire balance by the due date each month. Please refer to the due date shown on the front of your statement.

Your Rights If You Are Dissatisfied With Your Credit Card Purchases
 If you are dissatisfied with the goods or services that you have purchased with your credit card, and you have tried in good faith to correct the problem with the merchant, you may have the right not to pay the remaining amount due on the purchase.

To use this right, all of the following must be true:

1. The purchase must have been made in your home state or within 100 miles of your current mailing address, and the purchase price must have been more than \$50. (Note: Neither of these are necessary if your purchase was based on an advertisement mailed to you, or if we own the company that sold you the goods or services.)
2. You must have used your credit card for the purchase. Purchases made with cash advances from an ATM or with a check that accesses your credit card account do not qualify.
3. You must not yet have fully paid for the purchase.

If all of the criteria above are met and you are still dissatisfied with the purchase, contact us in writing at: Synchrony Bank, P.O. Box 71726, Philadelphia, PA 19176-1726.

Box 71726, Philadelphia, PA 19176-1726.

Credits To Your Account: An amount shown in parentheses or preceded by a minus (-) sign is a credit or credit balance unless otherwise indicated. Credits will be applied to your previous balance immediately upon receipt, but will not satisfy any required payment that may be due.

How We Calculate Interest

Method 2D (Daily Balance Method): We figure the interest charge on your account by applying the periodic rate to the "daily balance" of your account for each day in the billing cycle. We then add the interest to the daily balance. To get the "daily balance" we take the beginning balance of your account each day (which includes unpaid interest), add any new charges, and applicable fees, and subtract any payments or credits. This gives us the daily balance. Any daily balance of less than zero will be treated as zero. A separate daily balance will be calculated for each balance type on your account. The balance(s) shown in the Interest Charges section of this statement is the sum of the daily balances for each day in the billing cycle divided by the number of days in the billing cycle.

Method 2M (Average Daily Balance including current transactions): We figure the interest charge on your account by applying the periodic rate to the "average daily balance" of your account. To get the "average daily balance" we take the beginning balance of your account each day, which includes any unpaid interest charges from the previous billing cycle, add any new charges, and applicable fees and subtract any payments or credits. This gives us the daily balance. Then, we add up all the daily balances for the billing cycle and divide the total by the number of days in the billing cycle. This gives us the "average daily balance," which is the balance shown in the Interest Charges section of this statement. Any average daily balance of less than zero will be treated as zero. A separate average daily balance will be calculated for each balance type on your account.

Method 3D (Daily Balance excluding current transactions): We figure the interest charge on your account by applying the periodic rate to the "daily balance" of your account for each day in the billing cycle. To get the "daily balance" we take the beginning balance of your account each day, add any interest and applicable fees and subtract any payments or credits. We do not add in any new charges. This gives us the daily balance. Any daily balance of less than zero will be treated as zero. The balance(s) shown in the Interest Charges section of this statement is the sum of the daily balances for each day in the billing cycle divided by the number of days in the billing cycle. A separate daily balance will be calculated for each balance type on your account.

Method 5 (Average Daily Balance excluding current transactions and unpaid interest charges): We figure the interest charge on your account by applying the periodic rate to the "average daily balance" of your account. To get the "average daily balance" we take the beginning balance of your account each day, add applicable fees and subtract any payments, credits and unpaid interest charges from the previous billing cycle. We do not add in any new charges. This gives us the daily balance. Then, we add up all the daily balances for the billing cycle and divide the total by the number of days in the billing cycle. This gives us the "average daily balance," which is the balance shown in the Interest Charges section of this statement. Any average daily balance of less than zero will be treated as zero. A separate average daily balance will be calculated for each balance type on your account.

Method 6 (Average Daily Balance including current transactions and excluding unpaid interest charges): We figure the interest charge on your account by applying the periodic rate to the "average daily balance" of your account. To get the "average daily balance" we take the beginning balance of your account each day, add any new charges and applicable fees, and subtract any payments, credits and unpaid interest charges from the previous billing cycle. This gives us the daily balance. Then, we add up all the daily balances for the billing cycle and divide the total by the number of days in the billing cycle. This gives us the "average daily balance," which is the balance shown in the Interest Charges section of this statement. Any average daily balance of less than zero will be treated as zero. A separate average daily balance will be calculated for each balance type on your account.

We will not charge you any interest on purchases if you pay your entire balance by the due date each month. Please refer to the due date shown on the front of your statement.

Customer Service: For account information, call the number on the front of this statement. For Hearing or Speech disabilities, use a TTS. Unless your name is listed on the statement, your access to information on the account may be limited. You may also mail questions (but not payments) to: P.O. Box 965004, Orlando, FL 32896-5004. Please include your account number on any correspondence you send to us.

Payments: Send payments to the address listed on the remittance portion of this statement or pay online.

Notice: See below for your Billing Rights and other important information. Telephoning about billing errors will not preserve your rights under federal law. To preserve your rights, please write to our Billing Inquiries Address, P.O. Box 965003, Orlando, FL 32896-5003.

Purchases, returns, and payments made just prior to billing date may not appear until next month's statement. When you provide a check as payment, you authorize us either to use information from your check to make a one-time electronic fund transfer from your account or to process the payment as a check transaction. When we use information from your check to make an electronic fund transfer, funds may be withdrawn from your account as soon as the same day we receive your payment, and you will not receive your check back from your financial institution. You may choose not to have your payment collected electronically by sending your payment (with the payment stub), in your own envelope - not the enclosed window envelope, addressed to: P.O. Box 965003, Orlando, FL 32896-5003 and not the Payment Address.

What To Do If You Think A Mistake Is On Your Statement: If you think there is an error on your statement, write to us at the Billing Inquiries Address at:

Synchrony Bank, P.O. Box 965003, Orlando, FL 32896-5003

In your letter, give us the following information:

- Account Information: Your name and account number.
- Dollar amount: The dollar amount of the suspected error.
- Description of Problem: If you think there is an error on your bill, describe what you believe is wrong and why you believe it is a mistake. You must contact us within 60 days after the error appeared on your statement. You must notify us of any potential errors in writing. You may call us, but if you do we are not required to investigate any potential errors and you may have to pay the amount in question. While we investigate whether or not there has been an error, the following are true:
- We cannot try to collect the amount in question, or report you as delinquent on that amount.
- The charge in question may remain on your statement, and we may continue to charge you interest on that amount. But, if we determine that we made a mistake, you will not have to pay the amount in question or any interest or other fees related to that amount.
- While you do not have to pay the amount in question, you are responsible for the remainder of your balance.
- We can apply any unpaid amount against your credit limit.

Your Rights If You Are Dissatisfied With Your Credit Card Purchases: If you are dissatisfied with the goods or services that you have purchased with your credit card, and you have tried in good faith to correct the problem with the merchant, you may have the right not to pay the remaining amount due on the purchase.

To use this right, all of the following must be true:

1. The purchase must have been made in your home state or within 100 miles of your current mailing address, and the purchase price must have been more than \$50. (Note: Neither of these are necessary if your purchase was based on an advertisement we mailed to you, or if we own the company that sold you the goods or services.)
2. You must have used your credit card for the purchase. Purchases made with cash advances from an ATM or with a check that accesses your credit card account do not qualify.
3. You must not yet have fully paid for the purchase.

If all of the criteria above are met and you are still dissatisfied with the purchase, contact us in writing at: Synchrony Bank, P.O. Box 965003, Orlando, FL 32896-5003. While we investigate, the same rules apply to the disputed amount as discussed above. After we finish our investigation, we will tell you our decision. At that point, if we think you owe an amount and you do not pay we may report you as delinquent.

Information About Payments: You may at any time pay, in whole or in part, the total unpaid balance without any additional charge for prepayment. Payments received after 5:00 p.m. (ET) on any day will be credited as of the next day. Credit to your Account may be delayed up to five days if payment (a) is not received at the Payment Address, (b) is not made in U.S. dollars drawn on a U.S. financial institution located in the U.S., (c) is not accompanied by the remittance coupon attached to your statement, (d) contains more than one payment or remittance coupon, or (e) includes staples, paper clips, tape, a folded check, or correspondence of any type. **Conditional Payments:** All written communications concerning disputed amounts, including any check or other payment instrument that: (i) indicates that the payment constitutes payment in full or is tendered as full satisfaction of a disputed amount; or (ii) is tendered with other conditions or limitations ("Disputed Payments"), must be mailed or delivered to us at P.O. Box 965003, Orlando, FL 32896-5003.

Credits To Your Account: An amount shown in parentheses or preceded by a minus (-) sign is a credit or credit balance unless otherwise indicated. Credits will be applied to your previous balance immediately upon receipt, but will not satisfy any required payment that may be due.

Credit Reports And Account Information: If you believe that we have reported inaccurate information about you to a consumer reporting agency, please contact us at P.O. Box 965005, Orlando, FL 32896-5005. In doing

so, please identify the inaccurate information and tell us why you believe it is incorrect. If you have a copy of the credit report that includes the inaccurate information, please include a copy of that report. We may report information about your account to credit bureaus. Late payments, missed payments, or other defaults on your account may be reflected in your credit report.

How We Calculate Interest:

Method 20 (Daily Balance Method): We figure the interest charge on your account by applying the periodic rate to the "daily balance" of your account for each day in the billing cycle. We then add the interest to the daily balance. To get the "daily balance" we take the beginning balance of your account each day [which includes unpaid interest], add any new charges, and applicable fees, and subtract any payments or credits. This gives us the daily balance. Any daily balance of less than zero will be treated as zero. A separate daily balance will be calculated for each balance type on your account. The balance(s) shown in the Interest Charges section of this statement is the sum of the daily balances for each day in the billing cycle divided by the number of days in the billing cycle.

Method 2M (Average Daily Balance including current transactions): We figure the interest charge on your account by applying the periodic rate to the "average daily balance" of your account. To get the "average daily balance" we take the beginning balance of your account each day, which includes any unpaid interest charges from the previous billing cycle, add any new charges, and applicable fees, and subtract any payments or credits. This gives us the daily balance. Then, we add up all the daily balances for the billing cycle and divide the total by the number of days in the billing cycle. This gives us the "average daily balance," which is the balance shown in the Interest Charges section of the statement. Any average daily balance of less than zero will be treated as zero. A separate average daily balance will be calculated for each balance type on your account.

Method 3D (Daily Balance excluding current transactions): We figure the interest charge on your account by applying the periodic rate to the "daily balance" of your account for each day in the billing cycle. To get the "daily balance" we take the beginning balance of your account each day, add any interest and applicable fees and subtract any payments or credits. We do not add in any new charges. This gives us the daily balance. Any daily balance of less than zero will be treated as zero. The balance(s) shown in the Interest Charges section of this statement is the sum of the daily balances for each day in the billing cycle divided by the number of days in the billing cycle. A separate daily balance will be calculated for each balance type on your account.

Method 5 (Average Daily Balance excluding current transactions and unpaid interest charges): We figure the interest charge on your account by applying the periodic rate to the "average daily balance" of your account. To get the "average daily balance" we take the beginning balance of your account each day, add any new charges and applicable fees, and subtract any payments, credits and unpaid interest charges from the previous billing cycle. We do not add in any new charges. This gives us the daily balance. Then, we add up all the daily balances for the billing cycle and divide the total by the number of days in the billing cycle. This gives us the "average daily balance," which is the balance shown in the Interest Charges section of this statement. Any average daily balance of less than zero will be treated as zero. A separate average daily balance will be calculated for each balance type on your account.

Method 6 (Average Daily Balance including current transactions and excluding unpaid interest charges): We figure the interest charge on your account by applying the periodic rate to the "average daily balance" of your account. To get the "average daily balance" we take the beginning balance of your account each day, add any new charges and applicable fees, and subtract any payments, credits and unpaid interest charges from the previous billing cycle. This gives us the daily balance. Then, we add up all the daily balances for the billing cycle and divide the total by the number of days in the billing cycle. This gives us the "average daily balance," which is the balance shown in the Interest Charges section of this statement. Any average daily balance of less than zero will be treated as zero. A separate average daily balance will be calculated for each balance type on your account.

We will not charge you any interest on purchases if you pay your entire balance by the due date each month. Please refer to the due date shown on the front of your statement.

Don't get caught by an email scam. Occasionally, criminals send emails that look like they're from a retailer, bank or other financial institution; this scam is called phishing. Phishing emails can look almost identical to real emails from Synchrony Bank. The emails try to trick people into revealing credit card or bank account numbers. Taking these four steps can protect you from fraud and identity theft. 1) Never respond to an email with your account or social security number. 2) Upgrade to the latest Internet browsers and use anti-virus and anti-spyware software. 3) Know your account status. Don't be fooled by false claims that it is in jeopardy. 4) Remember, Synchrony Bank emails regarding your account will always display the last four digits of your account number and never ask for confidential information.
